229 Adam Schiff fucks and kills kids according to a federal whistleblower, Jenna Jameson and many others. LAPD has video of this:

[https://www.reddit.com/r/freeworldnews/comments/ehhk5s/adam\\_schiff\\_raped\\_a\\_ten\\_year\\_old\\_black\\_boy\\_until/](https://www.reddit.com/r/freeworldnews/comments/ehhk5s/adam_schiff_raped_a_ten_year_old_black_boy_until/) Schiff dressed in drag, gave a black ten year old escort dropped off for him meth who died, then he fucked his dead body for over an hour and had Anthony Bourdain killed for witnessing the cleanup. Anthony tweeted that Hillary's ppl were following him when in reality it was Schiff's! Two muslims were seen leaving his apartment an hour before he died according to French intel. Bourdain said if he was going to kill himself it would be by heroin Bc he loved the high, proving he didn't hang himself. He was found in the same position as Jeff Epstein, Audioslave + Soundgarden singer Chris Cornell, The Linkin Park singer Chester Bennington (both killed for making a 10 part documentary about and their foundations exposing human trafficking) and Robin Williams were all found dead the same way RIP. Robin is the only one I truly believed committed suicide. So fucked how the funniest man in the world was the saddest inside... John Podesta forced a kid to burn in a shower at full heat and mocked him as he cried + yelled at him... all on video too it's confirmed it's him by vocal recognition specialists. He locked the boy in there and made the kid scream John's name. The video is out on the internet it w''' haunt you forever if you watch it...

7 You may not believe in this stuff, but I am going to tell you about it anyway. There's this whole group that are into past life regression hypnosis. Anyhow, a practitioner revealed that one of these people going through this turned out to actually be a demon - while in deep hypnosis. So your post is actually real. Even so, let's be honest, most are just humans who are heading down the wrong path because they believe it will benefit them.

I actually tried this past life hypnosis thing one time - it didn't work. I didn't go under. About 1/2 way through the whole thing, tried to put me under again. Did this countdown thing from 10 to 1. I didn't remember maybe 3 & 2 but when I heard 1, I popped back up again. So I was truly under for maybe 20 or 30 seconds and I remembered everything except for that part. So much for past-life regression hypnosis.

15 Check into MKULTRA. They are the real manchurians. I watched a vid - it was old black and white from the 60s I think. A real MKULTRA adult victim. He had partially broken out of it, but was still susceptible to being triggered. Would never answer a phone bc of fear of being 'triggered'. He explained how they used to do it. Extreme pedo abuse until split personalities develop. Then they program those new personalities. The MKULTRA program has advanced from the early days. The pedo abuse is no longer required, but the basic outline is the same. Probably changed the name, too. MKULTRA was too exposed for clown comfort.

1 I did a quick internet search on that book and a trailer of movie that seems related came up:

also have a strong idea of why all of this is going on. Global humanity impacting motivations. For example, I went through Doug Vogt's material once - going to go through it again bc it's pretty deep. What happens in 2046? The global cataclysm, which is an extinction level event.

Then I fit that 'stuff' into what I know from other sources I've absorbed. Like, what has to happen before the cataclysm? The harvest - refer to the law of one and the Bible. It all matches up to Doug Vogt's material. What other hidden global motivations are involved? Does it involve an alien angle? (yes) What do the clowns know about this stuff? Pretty much all of it. Consider what clown director William Casey said to newbie president Reagan: "We will know our disinformation program is successful when everything the American public believes is false." Typical. (Quote from memory - might be slightly off - you can check it if you want.)

I consider the current MSM propaganda and disinformation a type of mind control. (which used to be illegal until Smith-Mundt was repealed in 2012). So is the lefty crap some schools pour into their students. Rumors of underground bases where kids are born into the programs - used for the pedos and some eventually get used as operatives. I suspect some of the shootings that took place were by these kind of people - broken people. A clown-op to get rid of the 2nd amendment.

After wrapping my brain around all of this 'stuff' I mentioned and more, I end up boiling it down to the classic struggle - it's good against evil and the teachings of JC apply and are consistent with the Law of One. Boiled down to the absolute minimum essence: it is those who primarily do things that serve themselves vs those who lean towards providing service to others just a little bit more than to themselves. This is the duality that we get ultimately get judged on. It's easy to see where PDJT falls on this scale. He didn't have to do this, but he has and he's done an absolutely fantastic job.

▼ Nothing. What would you have them do? (Been off TDW for a while) They also run into other weird things too, not just demons - people from other planets or the opposite of demons - similar to an angelic. It's very unusual of course. I haven't checked into this stuff for a year or so now. Lost interest when I paid good money and it didn't work for me.

Plus, I've had my own experiences via vivid dreams. Haven't had any in a while, though. I call them 'other life experiences' because there is nothing about them that implies past, present, or future. They really have nothing to do with the current life I am experiencing. One series of 3 dreams included (1st) traveling from one planet to another, (2nd) racial violence/attack, and (3rd) a meeting with others to review what happened with some weird details. Three dreams on successive nights in this order. I didn't realize the three were related until I wrote them all down. I was carrying around all three dreams in my head and had to off-load them before details got jumbled. I can still picture some of the details now as I right this post.

Reincarnation is real. I believe it 100%.

4 I'm skeptical too. But have you heard the theory that maybe Epstein took a deal to fake his death, he gets to stay alive as long as he is an informant for going after pedophiles and other criminals. Maybe Jizlaine is under protective custody doing the same thing. And maybe trump/military intel is building all this up to a giant crescendo of arrests.

They've had advance notice in the past as well, the George Floyd riots and subsequent ones started way too fast not to not have some pre-planning. Likely they planned for unrest in that city and were just waiting for a convenient event to occur that they could blame. In the Kenosha one they were already arresting people who were from Portland on the first night of the riots and some of them were in vehicles with Oregon plates, how did they get there so fast?

There were a bunch of antifa/BLM activists that had cash-apped their way from the west coast (especially Portland- about half the PDX activists) to be in DC for the BLM protests around 28 Aug. The Kenosha riots started on 23 Aug., so a lot of Oregon antifa were already en route. That's also why there was so much footage of all the riots; 2 of the major streamers were also headed to DC to cover those protests and were traveling through the Chicago area when everything popped off in Kenosha, and decided to stay and cover all of it.

35 Yea this is a bad sticky. Used to live in DC and the metro is fine but people should certainly have a contingency plan in case they shut it down. Do certain metro lines run thru bad parts of town? Yea sure but it's no different than literally any other US city and if you're not getting off on those stops (mostly in MD) then there shouldn't be a problem. If you're doing metro coming in from VA is probably better since none of those stops are thru bad areas if I recall.

10 Perfect post, summed up nicely. This is the swamp, so have some sort of backup plan, as I wouldn't put it past WMATA to shut down service just to screw us over if it looks like this thing is getting too big. But being that this is on a Wednesday and normies still need it to get to work or the liquor store, that's unlikely, but you never know. Also, the western half of the Red Line in Maryland is fine, and many people may be coming from that direction if driving to the area.

EVERYONE: THE MEETING SPOT IS FREEDOM PLAZA. THE AREA IS GOOD. NO HOOD. We are seeing a LOT of fear posts from people that have NOT been to DC and haven't attended the previous marches. I have been to them all.

If you are taking metro IF IT IS RUNNING THAT DAY, you can take the ORANGE, BLUE, OR RED LINES DIRECTLY TO METRO CENTER and get off in a clean neighborhood just 2 minutes walk from freedom plaza and within view of the capitol and the white house.

The other lines are going to require you to hope off at the Verizon center/CHINA TOWN stop and jump trains to the red line towards shady Grove to get to metro center.

If the trains are running DO NOT BE AFRSID TO TAKE THE DAMN TRAIN. COMPARED TO NEW YORK THE DC METRO IS PRESTINE.

24 ▼ As a pede living here and riding red line for 20+ years, I gotta say this post is a bit too paranoid. They're not going to lock the fences (until after operating hours), that would go against every over reaching government policy about public transportation they already have in place.

It's called the Metro, not the DC Subway so you know this OP pede isn't local. As always, travel in groups to maintain safety, stay away from Northeast DC and Takoma Park (MD) and you should generally be fine.

Always read the Airbnb or hotel reviews to get an idea on neighborhood.

If really worried, have a backpack where you can store all your Trump clothing/accessories until you're in an area with a lot of pedes and can wear proudly without fear.

Gun laws are strict as hell here. Maryland you can't have the ammo and gun in the same part of the car (dumb!) Virginia is much better in that regard despite loser Ralph Nordam trying to ruin everything.

DC gun laws: [https://en.m.wikipedia.org/wiki/Gun\\_laws\\_in\\_the\\_District\\_of\\_Columbia](https://en.m.wikipedia.org/wiki/Gun_laws_in_the_District_of_Columbia)

Once again, always travel in numbers. That is the highest form of safety you can give yourself.

11 ▼ dude - you can't be serious

you're going to have to drive your own vehicle in a caravan with other patriots, and then walk.

through sketchy areas. Start in Virginia and you should be good. The silver line and orange line in VA are very safe.

7 Top tips:

- DO NOT rely on a metro line or a bridge to get you to downtown DC the day-of
- if possible stay downtown (expensive I know)
- if not possible, staying in MD and entering via road probably best - RESEARCH PARKING BEFOREHAND
- if in a large group, leave very early and walk in
- EXPECT CHECKPOINTS - think long and hard about the items you may be carrying or concealing
- expect anything south of K street to be heavily blockaded and closed

You're not from around here, are you? Marylandistan, especially near DC is a shithole.

Looking at you, Prince George's County.

2 I do Not live in Maryland, but I've never heard anything nice about it, ever.

All I know is that it's a skinny state, and when we drive thorough on family trips, we always gassed up well before, never stopped in MD, and counted down the mile markera until we were through.

2 That's because of our gas taxes, lol. Parts of MD are super nice, and then you have Baltimore and DC.

It pisses me off when I look at what's happened there in the last ten or so years.  
It used to be nice and quiet, now it's a shithole sprawl.

3 What is considered downtown? Like by the capitol building or by the White House?

[permalink](#) [parent](#) [save](#) [report](#) [block](#) [reply](#)

▲ [Redked](#) 2 months ago +2 / -0

2 Yes. DC is a relatively small city. When we say downtown we are usually referring to NW, Mall, Waterfront and Cap Hill.

So book it, prices almost always go up as the date gets closer. Rates only go down if rooms are still available. Most hotels now even give full refunds up to the day of and don't require a deposit right now either, take advantage of it and book something today.

See my comment on the other thread.

If you originate out of the lines running into Northern VA or from Silver Spring and similarly north, you will be ok.

You want to stay out of the District and its stations.

You come into DC from the further reaches on the Metro lines, and watch the graffiti as you ride in.

Sharpp I had one crazy start telling at me Bc "Trump wouldn't let him walk his puppies on the lawn" and that his son ran the military for him... he was threatening to kill me and started following me luckily someone saved me bc they called the police and he got arrested the moment he stepped foot off the metro... he waited until the last stop in Franconia Springfield to follow me too... I was coming home from seeing a concert in Silver Spring, Maryland which is right by dc

So if you can't get into DC seems like the highways around it will be clogged and shutdown. Maybe people should just circle the city in their cars to wall them in?

The left will pull out all the stops to keep as many trump supporters as possible from showing up.

DOES ANYONE THINK THE LEFT WON'T THREATEN FLIGHTS, SHUT DOWN BUSSES AND TRAINS?

And that's just the foot soldiers.

ANY LEFTIST WITH ANY POWER WILL TRY TO OBSTRUCT AND STRAND US.

If it is at all possible: GET TO DC WITHOUT HAVING TO RELY ON ANY SYSTEM OF TRANSPORTATION.

DO YOU THINK BOMB THREATS ARE BEYOND WHAT THE LEFT IS WILLING TO DO?

DO YOU THINK DC POWERS WOULD HESITATE TO SHUT DOWN PUBLIC TRANSPORT?

**ASSUME THAT EVERY THING THAT CAN BE SHUT DOWN WILL BE SHUT DOWN**

Travel safely in groups that you can trust. Have plenty of gas in your tanks. Have enough supplies to be able to comfortably and warmly sleep in your cars.

DC is the ENEMY BASE. The Left will protect it. The Left will try to keep us out. The Left will try to keep us contained. Don't give them the chance.

Safe travels, and have a plan that can't be canceled from afar.

Don't expect to be helped to cross the Rubicon!

▼ Remember on multiple occasions, including in Washington DC, police have routed trump supporters into narrow and dangerous areas full of antifa and other violent leftists. Don't get bottle necked unless you have the numbers and the guts to fight your way through. They still think we are a bunch of docile tea party freedom loving Americans who will take it on the chin.

DC area dude here... You can park in Rosslyn VA or Crystal City VA and walk the bridges.. It's about a mile across to the monuments. Map it and consider it. If you can walk, it's a great way to avoid traffic, public transportation and see the city.
